# UHC: Strengthening Sound Health Financing Systems

---

# In Indonesia: Supporting social insurance implementation (Sharoushi Project)

---

# Partnering with communities and the private sector for social insurance implementation

Indonesia's approach

Kader JKN (for health insurance), Agen Perisai (for workers' insurance)

Agenalis (for both insurance programs) (in preparation for implementation)

Insurer's partner for:

- Socialization for more membership
- Providing information
- Collecting premiums and arrears

Expert for:

- Socialization for more membership
- Matching data for registration, collection, and benefit coordination
- Providing consultation to members
- Collecting premiums and arrears

JICA's input

Sharing experiences and developing capacity

Developing concepts and implementation framework

# JICA's cooperation: From developing capacity to making a new professional qualification

Project on capacity  
development for social  
security implementation  
(2013–2016)

Cooperation on Sharoushi  
system implementation  
(2021–2024)

Project for enhancing the  
capacity for social insurance  
operation  
(2017–2020)

---

# In Thailand: Strengthening partnerships for global health (GLO+UHC Projects)

---

# jica Japan–Thailand partnership for global health: GLO+UHC projects (2016–2023)

Japan–Thailand  
sharing

Capacity  
development of  
other countries

Contribution to  
global health

Working Paper, "The  
Path to Universal  
Health Coverage"

MD Masuda was the director of the department,  
so we felt at ease to consult him when necessary.
