- Note: 1) Protective facilities do not include medical care protective facilities. Welfare facilities for children do not include child delivery space for women with medical and financial problems. Other social welfare facilities, etc. do not include no-cost or low-cost clinical facilities.
- 2) Welfare facility for the aged do not include Special nursing homes for the elderly, Day service centers for the elderly and Short-term stay facilities for the elderly.
- 3) This category indicates "In support facilities for persons with disabilities", "Local activity support center" and "Welfare home" which are designed as In support facilities for persons with disabilities, etc. in the Services and Supports for Persons with Disabilities Act.
- 4) As a transitional measure to the Services and Supports for Persons with Disabilities Act, the facilities are from the Former Act (Law for the Welfare of People with Physical Disabilities, Law for the Welfare of People with Mental Retardation and Act on Mental Health and Welfare for the Mentally Disabled).
- 5) This indicates "Welfare centers for people with physical disabilities (Type A)," "Welfare centers for people with physical disabilities (Type B)," "Welfare centers for people with physical disabilities (Type A)," "Rehabilitation centers for people with physical disabilities," "Prosthetic appliance manufacturing facilities," "Guide dog training center," "Braille libraries," "Braille publishing facilities" and "Information service facilities for people with hearing disabilities" as the social participation support facilities from the Law for the Welfare of People with Physical Disabilities.
- 6) Living instructor and Life support staff, etc. include Living instructor, Life support staff, Child counselor and Self-sufficient support specialist for children. While, in Protective facility and Protective facility for women, only Life support staff is included.
- 7) The figures are regular-worker-equivalent and have been rounded to the integer numbers. Zero represents the care where the regular-worker-equivalent numbers of workers are less than 0.5.
- 8) The numbers of workers represents the number from the facility types surveyed in the targeted facilities, and the other facility types unexamined are indicated as "..."
