## Announcement

- Formatting changes have been made to O Organics, Pantry Essentials, Safeway Kitchens, and

Signature Kitchens product codes.

PASCO, Wash., — As a precaution, CRF Frozen Foods of Pasco, Washington is expanding its voluntary recall of frozen organic and traditional fruits and vegetables. We are performing this voluntary recall in cooperation with the Food and Drug Administration (FDA) and the Centers for Disease Control and Prevention (CDC) because these products have the potential to be contaminated with *Listeria monocytogenes*. The organism can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain, and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

This expanded recall of frozen vegetables includes all of the frozen organic and traditional fruit and vegetable products manufactured or processed in CRF Frozen Foods' Pasco facility since May 1, 2014. All affected products have the best by dates or sell by dates between April 26, 2016 and April 26, 2018. These include approximately 358 consumer products sold under 42 separate brands, the details of which are listed below. Products include organic and non-organic broccoli, butternut squash, carrots, cauliflower, corn, edamame, green beans, Italian beans, kale, leeks, lima beans, onions, peas, pepper strips, potatoes, potato medley, root medley, spinach, sweet potatoes, various vegetable medleys, blends, and stir fry packages, blueberries, cherries, cranberries, peaches, raspberries, and strawberries. For a complete list of affected products, see below.

We apologize for any concern or inconvenience this expanded recall has caused our customers and consumers who enjoy our products. We are issuing this release to alert consumers not to eat these products. Consumers who purchased these products may return them to the store where they were purchased for a refund, or simply discard them. Consumers with questions may call the company's consumer hotline at 844.483.3866, Monday through Friday, 8:00 am to 8:00 pm Eastern Standard Time.

CRF had already suspended operations at its Pasco, Washington facility as of Monday morning, April 25, 2016 following the initial voluntary recall, so a thorough review could be conducted.

CDC has informed CRF Frozen Foods that the government has identified seven people from three states who became ill and were hospitalized due to *Listeria*. Some of these illnesses have been linked to consuming CRF-manufactured or processed products. CDC also informed us that, sadly, two of these individuals later died, but that *Listeria* was not the cause of death in either person.

All retailers who received the products have been contacted.

Products being recalled may have been purchased in all fifty U.S. states and the following Canadian Provinces: British Columbia, Alberta, Manitoba, and Saskatchewan.

## Announcement

ConAgra Foods is voluntarily recalling Watts Brothers Farms Organic Mixed Vegetables, Organic Super Sweet Corn (Yellow/Gold), and Organic Peas and Trader Joe's Organic Super Sweet Corn due to the potential for these products to be contaminated with *Listeria monocytogenes*. This voluntary action is being undertaken because the Watts Brothers and Trader Joe's recalled products contain vegetables that are part of the recent CRF Frozen Foods recall.

*Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain, and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

No illnesses to date have been reported to ConAgra Foods for the products listed below.

Products covered by this recall were distributed in the U.S. Watts Brothers Farms products were sold at Costco and Trader Joe's products were sold at Trader Joe's. Specific product names and information are listed below. No other ConAgra Foods or Watts Brothers retail branded products are impacted by this recall.

NORPAC Foods, Inc. of Salem, Oregon is voluntarily recalling two (2) frozen private label vegetable items, Natural Directions Organic Mixed Vegetables and Natural Directions Organic Green Peas, because they have the potential to be contaminated with *Listeria monocytogenes*. *Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems.

Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, listeria infection can cause miscarriage and stillbirths among pregnant women.

This voluntary action is being undertaken because the recalled products contain vegetables that were purchased from CRF Frozen Foods and are part of the recent CRF Frozen Foods recall.

No illnesses have been reported to date in connection with affected products listed in the table below. No other NORPAC retail branded products are affected by this recall.
